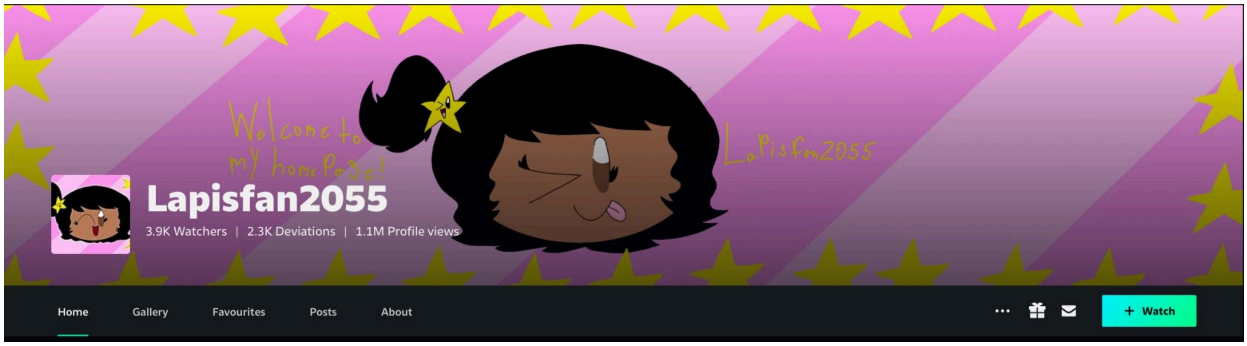
The Dark Truth behind LapisFan2055

By some anonymous cat + an equally-anonymous cereal bowl

Introduction



If you don't know LapisFan2055 aka Kya Parker, then she is a popular DeviantArt user with 3,902 watchers as of the time of writing. She is known for her humanized TV channels and her close associations with several other popular users. However, Lapis/Kya is also hiding some dark secrets.

Racism against Asians

At one point, she had Asian OCs named "Ching" and "Chang". This is a literal racial slur.
https://www.deviantart.com/lapisfan2055/art/The-Yin-Twins-995558735
https://archive.is/udslJ
https://en.wikipedia.org/wiki/Ching_chong
It took several months for her to change the OCs' names, but it's too late, as the damage has already been done.

Supporting a pedophile with an actual criminal record

Until quite recently, Kya was friends with PurpleDino100 aka Donzelle Clemons, who actually has a criminal record for touching kids' feet.
Don't believe me?

Associations with other controversial users

Besides her associations with Donzelle Clemons, Kya has supported PaysonSmith and ChiareyChan (both known pedophiles).
Evidence:

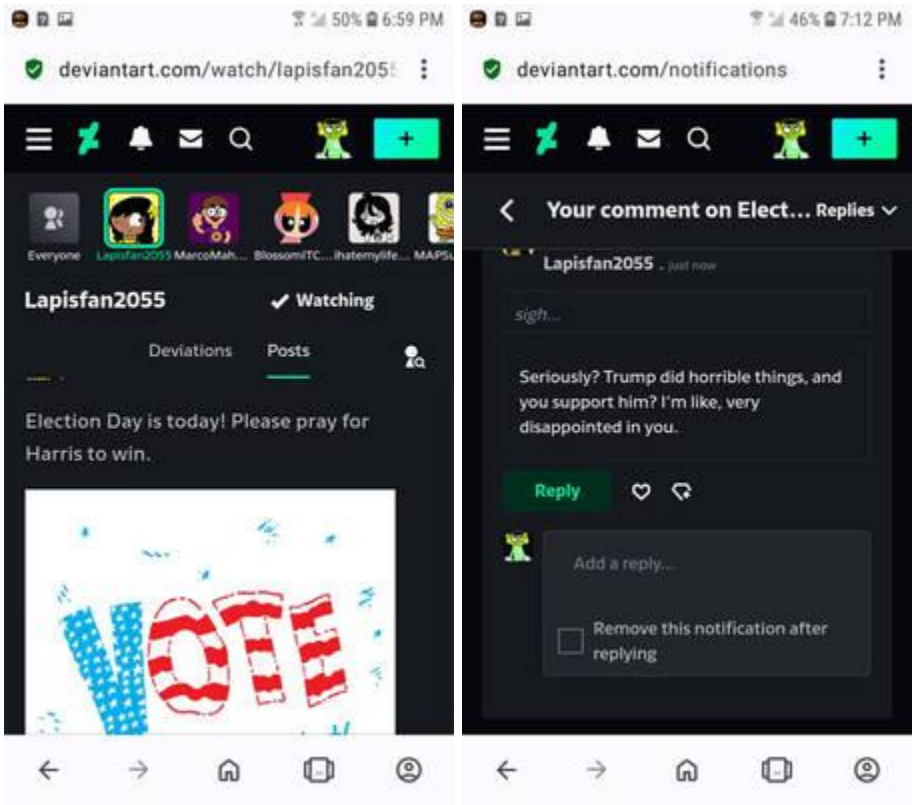
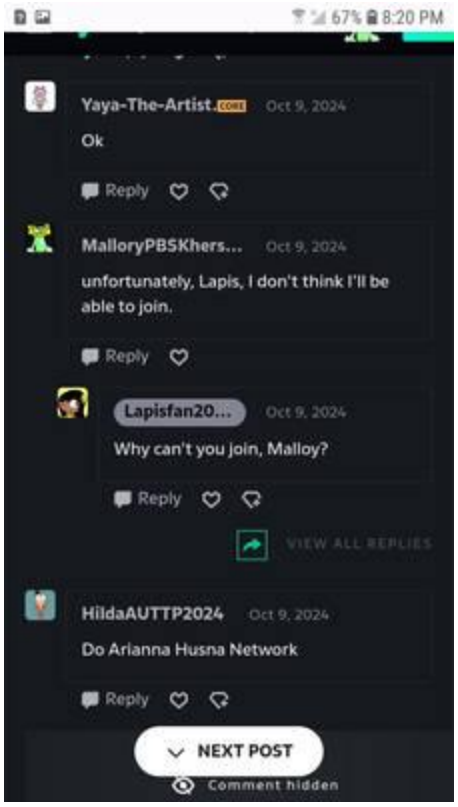
Refusing to handle election results

She had a freakout when Trump won the election in USA, even though a lot of her watchers are Canadian or British, and don't care for American politics.
https://www.deviantart.com/lapisfan2055/status-update/Horrible-news-Trump-won-against-1118948088 She also lashed out at MalloryPBSKherself solely because she (Mallory) *mildly* supports Trump.



Oh and speaking of Mallory, Kya has a pattern of misspelling her name as “Malloy”, most likely on purpose at this point.



Other misbehaviour

Kya has a pattern of treating her fans like trash. The below is a real screenshot…

@trevor09182, are you the stupidest guy ever?!?! I'm black in real life!!!!! Get it?!?!?! You are the dumbest user ever!!!!! And I hate questions from you!!!!!! Stop asking questions!!!!!!

This is more of a nitpick, but she can‘t even tell the difference between AI generated images and simple Mspaint recolours:
https://www.deviantart.com/lapisfan2055/status-update/So-my-friend-told-me-1119593557

So, my friend told me that someone is stealing my art to use them for AI art. As you may like to know, I am against AI and the people who steal my arts to use them for unnecessary reasons (like when Kenia2010 Tancies25800 uses my art to create my young human networks without their overalls and EMF2015, GustavoGamer2023, Fyims20IsBack and, once again, Tancies25800, purposely steals them and poorly edits my human networks' bios). If anyone wants to steal my art and use them to generate AI art/images, don't even think about it! My arts are meant to be enjoyed, not stolen for AI crap! #DownwithAI

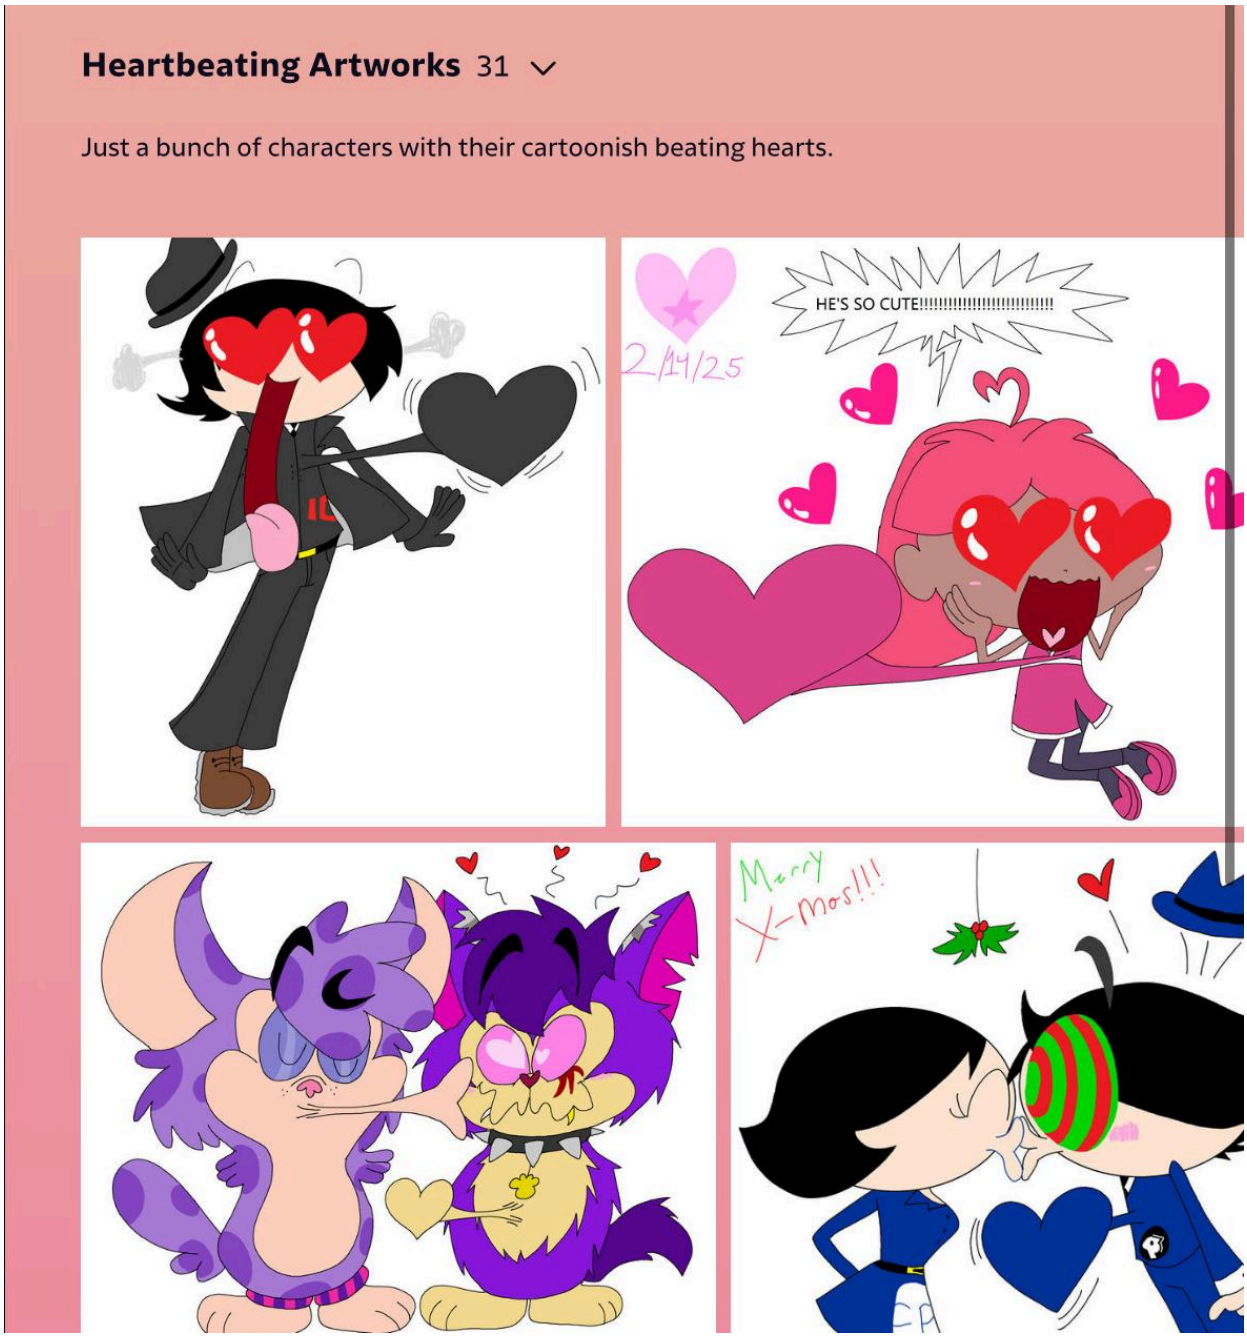
UPDATES!

Lapis has finally renamed her cardiophilia art to heartbeating artworks.



Now all we need now is an apology from her and everything's back to normal.

DISCLAIMER

If you are her fan, please make sure to read the whole document so this can be **at the very muthafukkin' least** nice and constructive (oh yeah, don't start even MORE drama than there needs to be). Thank you and proceed reading this doc.

THE EXPOSURE OF LAPIS

If you know her, you can skip the doc and go ahead to the next page. If you don't, she likes to draw channel humans and stuff. This is what her profile looks like at the time this doc

was made.

About Lapisfan2055

Artist // Professional // Digital Art

Normally, nobody would dare make a callout of her because she would either (possibly) send her fans after you or block you in an instant. But i'm not afraid of some big red button..let's go.

FETISH ART..OF FUCKING KIDS!

Cardiophilia is basically a fetish for hearts, specifically heartbeats. Lapisfan has a lot of these in one art gallery, but there's one problem. Can you guess what it is?

A) sloppy artstyle
B) most of the characters are fucking minors
C) Squid games
D) MrBeast is there

If you guessed right, it's the fact most of the characters are MINORS.

This is an example. Amy is (or was) 12 years old. “oh sonic characters don’t have canon ages-“ SHE’S STILL IMPLIED TO BE YOUNG YOU DIPSHIT. Another example is Luz Noceda from the Owl House.

“oh but she’s 18 in the epilogue of the show-“SHUT UP. This is specifically her in her DEBUT outfit. She was 14 at the start of the series. You can probably see where this is going, especislly with some stomach growl art.

It couldve also meant the end of her reputation too, honestly that's sad.

Oh yeah let's not forget her tickle art

LAST APPEARANCE	Cleaved

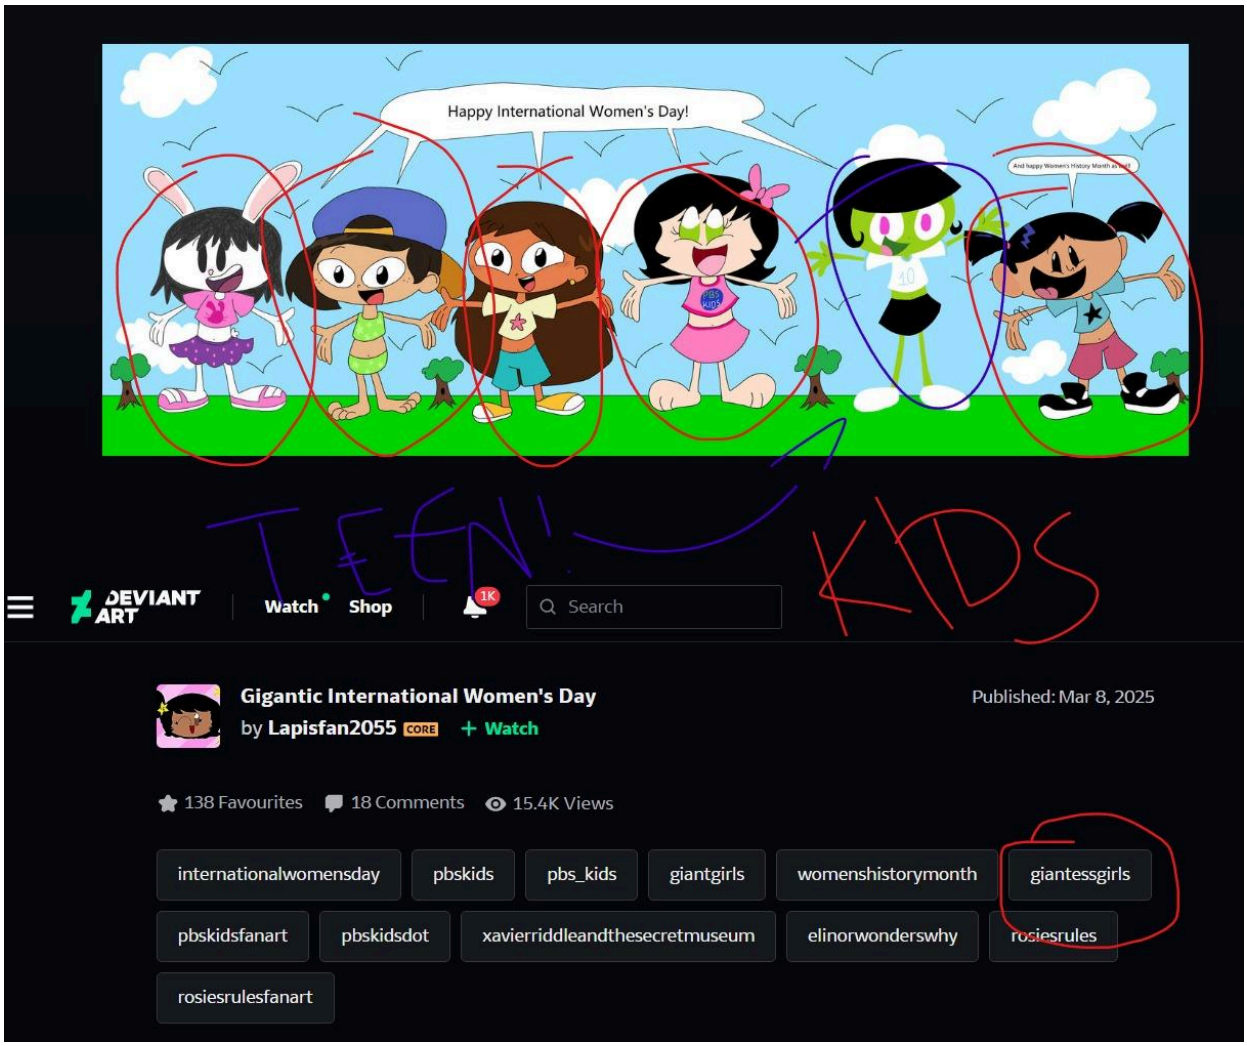
CHARACTER INFORMATION

OTHER NAMES	B-Fly[1] [Expand] *Click "expand" for full list*
AGE	15[19]

now let's answer questions.
Is the cardiophilia art a fetish? VERY likely, since her cardio*philia* art has "philia" in it.
Tickle torture and stomach growls are possibilities.
Does lapis draw these to turn people on? I have no fucking idea.
Why does lapis draw these? i STILL have no idea.
Am i scared of being blocked? No, it more or less proves she's not gonna make a response or something.
I've also noticed she has a lot of giant art but THIS one stands out the most. (2 of them have their bare feet out too wtf??!?!?!?!?!?)



If you ask why, that's because it has a shitload of child characters in it. Here lemme backup some proof for one of the characters' ages!

SUPPORTING CHIAREY

Lapisfan has actually made art of chiarey in 2023, especially when she got outed for liking nsfw of CHILD CHARACTERS too! if you dont believe me, i have proof:

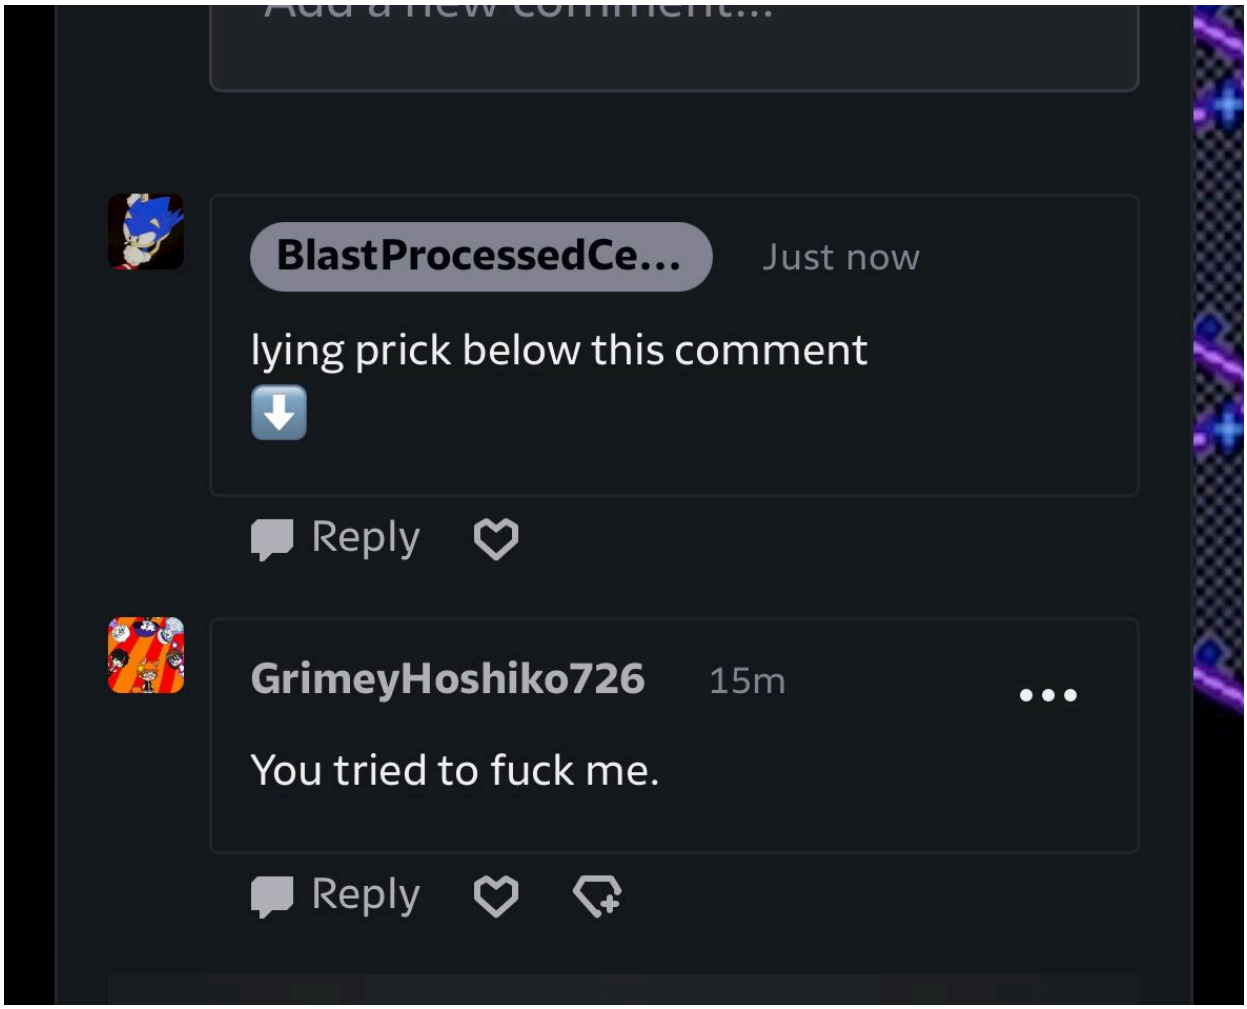
It's not known if she's cut ties with her, but this art is still doing perfectly fine on her profile for some reason. Shouldn't she delete these because of..y'know..the chiarey controversy.

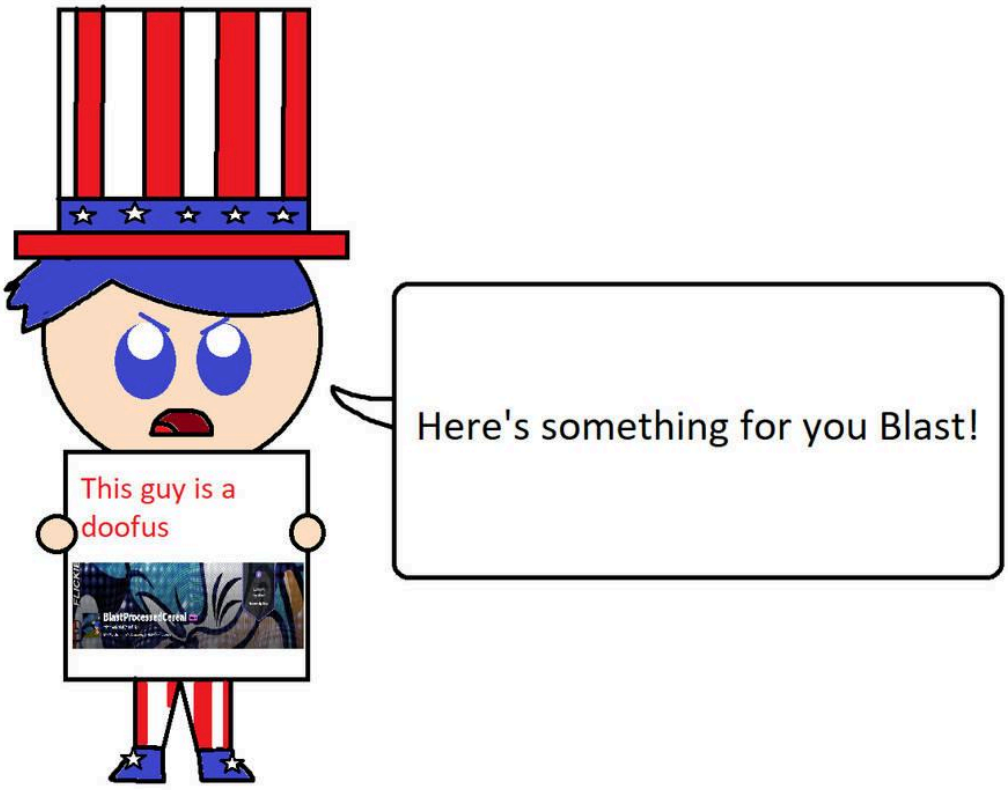
HER FANS AREN'T ANY BETTER

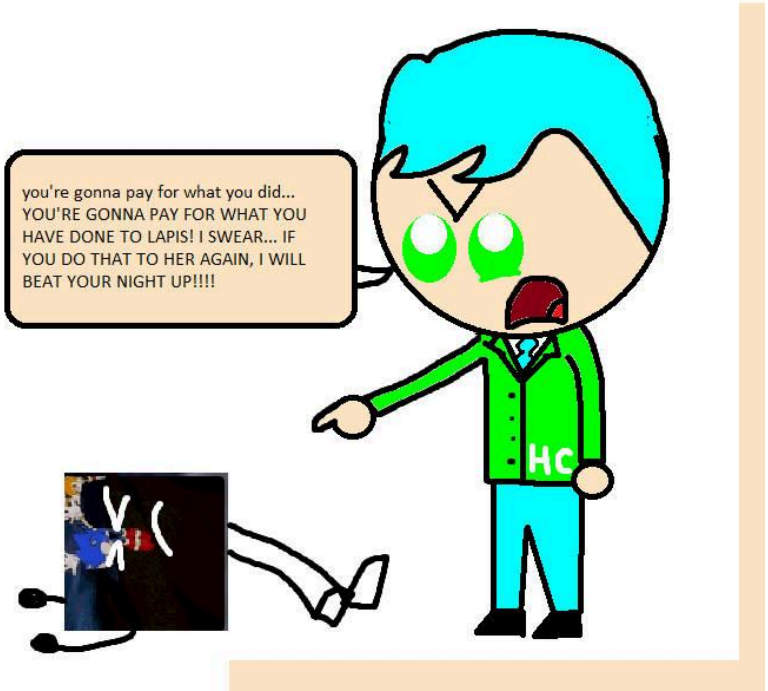
Lately, after i got snitched on by one of her watchers, i've been getting 2 blocks (one of them stated that sadiyah's new account would be disappointed in me, but i got that comment out the way as its a casual "UR BLOCKED" statement from a manchild). But one that stood out was this one.



HELL-MUTHAPHUKKIN-O?? Am i seeing this right? i tried to FUCK you?? do you not realize how BOGUS that sounds over a callout doc of lapis??
mr. grimey. i don't know WHO you are, but i did NOT try to get intimate with you and i have never met you IRL, so don't throw around false accusations with ZERO proof to back it up. Thanks!

I also got another lapis fan in the mail, and this time he might be extra pissed off.. Not sure how i got like 3 pieces o' hate "art" in 2 hours, but..okay.





you're gonna pay for what you did... YOU'RE GONNA PAY FOR WHAT YOU HAVE DONE TO LAPIS! I SWEAR... IF YOU DO THAT TO HER AGAIN, I WILL BEAT YOUR NIGHT UP!!!!
HC

It's better to either be constructive or just block and act like nothing happened..

THE WRAP-UP (OF THIS PART OF THE DOC, ATLEAST)

Lapisfan2055 has made a LOT of fetish art (even making art for chiarey) and none of her fans are noticing something wrong. (this could mean she might be done for if she doesn't do something about it)
Sure, you can disagree saying she draws it for fun, but you don't have to make **ME** think what ***YOU*** think of her in the comments. Thank you for reading this huge part of the doc, goodbye.

CARDIOPHILIA AND WHITEKNIGHTING, OH MY!

Lapisfan2055 has made quite a ton of heartbeat art in the past, but you may ask "why is she here?" Well it's because her folder used to be named "cardioPHILIA art". I also have some points to prove from an older doc of mine.

This is Luz Noceda from the Owl House in her debut outfit. she's specifically *14 years of age* in her debut.
However after the doc started becoming more wide, it took forever for Kya to FINALLY rename her folder to "Heartbeating Arts", but i'm afraid the damage has since been done.
She also has a habit for sending her whiteknights after critiques.

SHAME ON YOU! YOU @Lapisfan2055 out of my friend callout.

She also doesn't seem to make an apology over the whiteknights either, it's almost like she doesn't give 2 shits about the drama right now except to frame people who were just trying to get her to rename a folder. I would say she's a pussy but that's an insult to pussies, in both the feline sense and the you-know-what sense.

Conclusion

In conclusion, Kya Parker needs therapy. This kind of behaviour is extremely unhealthy, and she is starting to remind me of several other controversial deviants, such as RainbowKitty, Ced145, MarkBorn, CyanColorful, SnowGirlKitMaker, and many others I won't bother to name here.
